How your soul number is calculated

In Tantric Numerology from Kundalini Yoga, your date of birth is read like a map. It gives five numbers, and the first and most personal of them is the soul number.

Your soul number comes from the day of the month you were born. If it is a single digit, that is already your soul number. If it has two digits, you add them together. For a birthday on the 16th that is 1 + 6 = 7, and for the 25th it is 2 + 5 = 7. In this system 10 and 11 are not reduced any further, because each of them stands for a body of its own.

Women born on the **10th, 19th or 28th** of the month have soul number **10**.

What the soul number shows

The soul number speaks about your relationship with yourself: what moves you from the inside, what gives you strength and what depletes you fastest when things are hard.

Kundalini Yoga teaches that we are made of ten bodies, ten layers of our being that together form a whole. Each number from 1 to 11 corresponds to one of them. Your soul number shows which body you rely on most, and which one is the first to give you a signal when things become too much.

The five numbers of your date of birth

The soul number is the first of five numbers hidden in your date of birth. The others show what you carry as a lesson, what comes easily to you, what you are moving toward and along which path.

YOUR SOUL NUMBER

10 · Radiant Body

Does it happen that people notice you as soon as you walk in, even when you are silent? That they tell you that you seem like someone who knows exactly what she is doing, while inside you feel quite different? That you either put everything into something or do not start at all? That is your Radiant Body.

In Kundalini Yoga the tenth body is the Radiant Body. It is your presence, what people sense even before you say anything. It gives you the courage to stand behind what you believe in. When it is strong, people trust and respect you, and obstacles do not seem frightening. When it is depleted, you withdraw and doubt yourself more easily. The key of this number is all or nothing: when you do something with all your heart, people feel it and gladly follow you.

YOUR QUALITIES

You have the courage to stand in front of others, at a celebration, at work or in front of a full room. Even when things are hard for you, people see you as someone strong and confident.

When you commit, you give everything, and your commitment inspires others to give more too. Leading comes naturally to you, at work and among friends, even when you are not trying at all.

WHERE YOUR CHALLENGES AND DIFFICULTIES LIE

The biggest challenge of this number is to start, even when it is not perfect yet.

When the Radiant Body is depleted, all or nothing easily turns into nothing. If it cannot be perfect, you do not start. You wait a long time for the right moment to launch your project or to say something important, and meanwhile what you dream of just sits and waits. Sometimes you withdraw and make yourself smaller, even though you know you can do much more.

How to recognize your Radiant Body

WHEN IT IS STRONG

- You apply for the job you want, even though you do not meet every single requirement.
- In a meeting you share your idea, even though you are not sure how others will take it.
- When someone praises you, you say thank you and do not downplay what you have done.
- You launch your project and show it to people, even though it is not perfect yet.

WHEN IT IS DEPLETED

- For months you polish a presentation or a website and never show it.
- In a meeting you keep a good idea to yourself, and later someone else says it instead of you.
- When someone praises you, you immediately say: oh, it was nothing.
- When you cannot do something perfectly, you often choose to do nothing at all.

ONE PART OF YOU

This is one important part of you

Your soul number shows your relationship with yourself. But it is only one of the five numbers in your date of birth, and it leaves some questions open:

> *Why do others see you as strong and confident, while inside you often doubt yourself?*
>
> *Why do you wait for the perfect moment, even though you know it may never come?*
>
> *Why is a certain theme coming up for you right now, and not earlier?*

PERSONAL MAP

How your parts work together

One number can explain one part of you. But the most interesting part begins when you see how your numbers fit together: where one strength supports you, where another creates tension, and why certain themes are coming up for you right now, and not earlier. That is what you receive in the full Personal Map, together with the seven-year cycle you are in right now and the energy of your personal year.
