How your soul number is calculated

In Tantric Numerology from Kundalini Yoga, your date of birth is read like a map. It gives five numbers, and the first and most personal of them is the soul number.

Your soul number comes from the day of the month you were born. If it is a single digit, that is already your soul number. If it has two digits, you add them together. For a birthday on the 16th that is 1 + 6 = 7, and for the 25th it is 2 + 5 = 7. In this system 10 and 11 are not reduced any further, because each of them stands for a body of its own.

> Women born on the **11th or 29th** of the month have soul number **11**.

What the soul number shows

The soul number speaks about your relationship with yourself: what moves you from the inside, what gives you strength and what depletes you fastest when things are hard.

Kundalini Yoga teaches that we are made of ten bodies, ten layers of our being that together form a whole. Each number from 1 to 11 corresponds to one of them. Your soul number shows which body you rely on most, and which one is the first to give you a signal when things become too much.

Numbers and bodies

1	Soul Body	7	Auric Body
2	Negative Mind	8	Pranic Body
3	Positive Mind	9	Subtle Body
4	Neutral Mind	10	Radiant Body
5	Physical Body	**11**	**Eleventh Body**

The five numbers of your date of birth

The soul number is the first of five numbers hidden in your date of birth. The others show what you carry as a lesson, what comes easily to you, what you are moving toward and along which path.

YOUR SOUL NUMBER

11 · Eleventh Body

Do you feel that you carry more than others see? That you are interested in spiritual topics as well as in very practical things, like work and money? That after talking with you, people say they finally understood something? That is your eleven.

Eleven is a special number, because it carries all ten bodies within it. In Kundalini Yoga it is the eleventh body, the number of mastery, connected with sound and the word. When needed, it can use the strength of any of the ten bodies. When the Eleventh Body is strong, you are calm, you speak clearly, and the people around you gain more drive and ideas. When it is depleted, everything asks for your attention at once, so you do not know what to deal with first. The key of this number is infinity and the connection between the material and the spiritual: when you live this number and feel fully connected, what you say and who you are become one.

YOUR QUALITIES

Your word carries weight. When you speak honestly, people listen, and something in them changes and starts to move. You can put into words what others feel but cannot express.

When two people do not understand each other, you see what each of them meant to say, so you easily help them reach an agreement.

WHERE YOUR CHALLENGES AND DIFFICULTIES LIE

The biggest challenge of this number is to trust your own answer instead of always looking for it in others.

When the Eleventh Body is depleted, too many things interest you at once, so you jump from one to the next. You go from teacher to teacher and from book to book, hoping that someone will finally tell you what is right for you. Yet you often already know the answer you are looking for, you just do not trust it enough to say it out loud.

How to recognize your Eleventh Body

WHEN IT IS STRONG

- At a meeting or a workshop you say one sentence, and everyone stops to think.
- Two friends argue, and you help them understand each other again.
- You make an important decision on your own and do not seek approval from everyone around you.
- You start your morning with a mantra or a short meditation and feel calmer all day.

WHEN IT IS DEPLETED

- You buy a new course, even though you have not finished the last one.
- Before every important decision you ask five people what they think.
- You are busy all day, and in the evening you do not know what you actually did.
- Among people you feel that you do not quite belong anywhere.

ONE PART OF YOU

This is one important part of you

Your soul number shows your relationship with yourself. But it is only one of the five numbers in your date of birth, and it leaves some questions open:

> *Why is it so easy for you to help others find the words, while you look for your own answer in everyone else?*
>
> *Why are you interested in so many things, and still feel you have not found the right one?*
>
> *Why is a certain theme coming up for you right now, and not earlier?*

PERSONAL MAP

How your parts work together

One number can explain one part of you. But the most interesting part begins when you see how your numbers fit together: where one strength supports you, where another creates tension, and why certain themes are coming up for you right now, and not earlier. That is what you receive in the full Personal Map, together with the seven-year cycle you are in right now and the energy of your personal year.
