SOUL NUMBER

How your soul number is calculated

In Tantric Numerology from Kundalini Yoga, your date of birth is read like a map. It gives five numbers, and the first and most personal of them is the soul number.

Your soul number comes from the day of the month you were born. If it is a single digit, that is already your soul number. If it has two digits, you add them together. For a birthday on the 16th that is 1 + 6 = 7, and for the 25th it is 2 + 5 = 7. In this system 10 and 11 are not reduced any further, because each of them stands for a body of its own.

> Women born on the **2nd or 20th** of the month have soul number **2**.

What the soul number shows

The soul number speaks about your relationship with yourself: what moves you from the inside, what gives you strength and what depletes you fastest when things are hard.

Kundalini Yoga teaches that we are made of ten bodies, ten layers of our being that together form a whole. Each number from 1 to 11 corresponds to one of them. Your soul number shows which body you rely on most, and which one is the first to give you a signal when things become too much.

Numbers and bodies

1	Soul Body	7	Auric Body
2	**Negative Mind**	8	Pranic Body
3	Positive Mind	9	Subtle Body
4	Neutral Mind	10	Radiant Body
5	Physical Body	11	Eleventh Body
6	Arcline		

The five numbers of your date of birth

The soul number is the first of five numbers hidden in your date of birth. The others show what you carry as a lesson, what comes easily to you, what you are moving toward and along which path.

2 · Negative Mind

Does it happen that in a restaurant you are the first to notice the bill is wrong? That before a trip you check whether your passport is in your bag, and then check again? That after meeting someone for the first time you feel something is not right, and later it turns out you were right? That is your protective mind at work.

In Kundalini Yoga the second body is the Negative Mind. Here the word negative does not mean bad. It is the mind that asks what could go differently, sees risk in time, sets boundaries and protects both you and the people you love. When the Negative Mind is strong, it gives you security and good judgment. When it is depleted, you worry even about things that will probably never happen. The key of this number is the longing to belong: deep inside you want to be part of a family, a friendship and a community, and that is why it matters so much to you that the people around you accept you.

YOUR QUALITIES

Your gift is judgment. You notice what others overlook, you sense when something is not honest and you know which question to ask before an important decision. People around you feel safer because you see what they do not.

Your loyalty runs deep. When you let someone into your circle, it is serious and lasting. You know how to be a support, how to keep secrets and how to stand by someone when things are hard.

WHERE YOUR CHALLENGES AND DIFFICULTIES LIE

The biggest challenge of this number is to say no, even when you are afraid of disappointing someone.

When the Negative Mind is depleted, you say yes while thinking no. You stay at a dinner that does not interest you, because you do not want to seem unfriendly. You read a message five times before sending it, and your head imagines in advance everything that could go wrong. In the end you often postpone exactly what you wanted.

How to recognize your Negative Mind

WHEN IT IS STRONG

- A friend asks you for a favor and you say: not this time, without feeling guilty.
- Before signing a contract you ask the right questions and also read the small print.
- You sense that someone is not honest, and you do not let them get too close.
- You calmly say what bothers you, and the relationship stays good afterwards.

WHEN IT IS DEPLETED

- You agree to something you do not want, and then you are angry with yourself all day.
- Before a trip you check three times whether you locked the door.
- You stay in a job or relationship that does not feel right, because change feels too uncertain.
- After a get-together you replay what you said and whether you offended anyone.

ONE PART OF YOU

This is one important part of you

Your soul number shows your relationship with yourself. But it is only one of the five numbers in your date of birth, and it leaves some questions open:

> *Why do you agree, even when you know exactly what does not suit you?*
>
> *Why does it matter so much what others think, even though you read people so well?*
>
> *Why is a certain theme coming up for you right now, and not earlier?*

PERSONAL MAP

How your parts work together

One number can explain one part of you. But the most interesting part begins when you see how your numbers fit together: where one strength supports you, where another creates tension, and why certain themes are coming up for you right now, and not earlier. That is what you receive in the full Personal Map, together with the seven-year cycle you are in right now and the energy of your personal year.
