How your soul number is calculated

In Tantric Numerology from Kundalini Yoga, your date of birth is read like a map. It gives five numbers, and the first and most personal of them is the soul number.

Your soul number comes from the day of the month you were born. If it is a single digit, that is already your soul number. If it has two digits, you add them together. For a birthday on the 16th that is 1 + 6 = 7, and for the 25th it is 2 + 5 = 7. In this system 10 and 11 are not reduced any further, because each of them stands for a body of its own.

Women born on the **4th, 13th, 22nd or 31st** of the month have soul number **4**.

What the soul number shows

The soul number speaks about your relationship with yourself: what moves you from the inside, what gives you strength and what depletes you fastest when things are hard.

Kundalini Yoga teaches that we are made of ten bodies, ten layers of our being that together form a whole. Each number from 1 to 11 corresponds to one of them. Your soul number shows which body you rely on most, and which one is the first to give you a signal when things become too much.

Numbers and bodies

1	Soul Body	7	Auric Body
2	Negative Mind	8	Pranic Body
3	Positive Mind	9	Subtle Body
4	**Neutral Mind**	10	Radiant Body
5	Physical Body	11	Eleventh Body
6	Arcline		

The five numbers of your date of birth

The soul number is the first of five numbers hidden in your date of birth. The others show what you carry as a lesson, what comes easily to you, what you are moving toward and along which path.

YOUR SOUL NUMBER

4 · Neutral Mind

Does it happen that people tell you things they have never told anyone else? That when two friends argue, you understand both sides? That in a meeting, while everyone talks at once, you stay quiet and then say one sentence after which everything is clear? That is your Neutral Mind.

In Kundalini Yoga the fourth body is the Neutral Mind, also called the meditative mind. It listens to both the voice of caution and the voice of enthusiasm, weighs them and makes the decision from a place of calm. It helps you observe without judging and see the bigger picture. When it is strong, you stay calm and clear-headed even when there is pressure and noise around you. When it is depleted, you listen to all sides for too long, so the decision keeps getting postponed. The key of this number is peace before a decision: when you give yourself a little time to hear both others and yourself, the decision comes more clearly and without rush.

YOUR QUALITIES

People come to you to be heard, because they sense you will not judge them. With you they can be who they are. You notice when someone says I am fine and is not, and often after your question they finally say what is bothering them.

In chaos you know how to stay calm. When everyone around you panics, you see what really matters, and when you make a decision in peace, you rarely regret it later.

WHERE YOUR CHALLENGES AND DIFFICULTIES LIE

The biggest challenge of this number is to make a decision in time, even when you understand all sides.

When the Neutral Mind is depleted, you get stuck in an argument with yourself. One voice says go, the other says stay, and so it goes for days. While you are thinking, others decide for you or the opportunity simply passes. You understand all sides so well that sometimes you do not take any, and in the end you do not even know what you really want.

How to recognize your Neutral Mind

WHEN IT IS STRONG

- In a meeting everyone talks at once, and you listen to all of them and say what truly matters.
- A friend pours her heart out to you, you listen without judging, and you do not carry her story home with you.
- When you decide about a move or a job, you take a few days, then decide and do not go back on it.
- When someone asks for your opinion, you give it, even though you know not everyone will like it.

WHEN IT IS DEPLETED

- For weeks you postpone a decision about your job, your flat or your relationship.
- In the evening you cannot fall asleep, because other people's problems keep turning in your head.
- When two friends argue, you understand both, and in the end both are angry with you.
- When someone asks what you think, you answer: it depends.

ONE PART OF YOU

This is one important part of you

Your soul number shows your relationship with yourself. But it is only one of the five numbers in your date of birth, and it leaves some questions open:

> *Why do you see so clearly what is good for others, but cannot decide for yourself?*
>
> *Why does everyone come to you to pour their heart out, while you rarely tell anyone what is bothering you?*
>
> *Why is a certain theme coming up for you right now, and not earlier?*

PERSONAL MAP

How your parts work together

One number can explain one part of you. But the most interesting part begins when you see how your numbers fit together: where one strength supports you, where another creates tension, and why certain themes are coming up for you right now, and not earlier. That is what you receive in the full Personal Map, together with the seven-year cycle you are in right now and the energy of your personal year.
