How your soul number is calculated

In Tantric Numerology from Kundalini Yoga, your date of birth is read like a map. It gives five numbers, and the first and most personal of them is the soul number.

Your soul number comes from the day of the month you were born. If it is a single digit, that is already your soul number. If it has two digits, you add them together. For a birthday on the 16th that is 1 + 6 = 7, and for the 25th it is 2 + 5 = 7. In this system 10 and 11 are not reduced any further, because each of them stands for a body of its own.

> Women born on the **7th, 16th or 25th** of the month have soul number **7**.

What the soul number shows

The soul number speaks about your relationship with yourself: what moves you from the inside, what gives you strength and what depletes you fastest when things are hard.

Kundalini Yoga teaches that we are made of ten bodies, ten layers of our being that together form a whole. Each number from 1 to 11 corresponds to one of them. Your soul number shows which body you rely on most, and which one is the first to give you a signal when things become too much.

Numbers and bodies

1	Soul Body	**7**	**Auric Body**
2	Negative Mind	8	Pranic Body
3	Positive Mind	9	Subtle Body
4	Neutral Mind	10	Radiant Body
5	Physical Body	11	Eleventh Body
6	Arcline		

The five numbers of your date of birth

The soul number is the first of five numbers hidden in your date of birth. The others show what you carry as a lesson, what comes easily to you, what you are moving toward and along which path.

YOUR SOUL NUMBER

7 · Auric Body

Do you notice that people calm down around you, even when you are not doing anything special? That friends get in touch exactly when things are hard for them, because it feels good to be near you? And on the other hand, after a crowd, a family lunch or a long day at the office, do you long for a little time just for yourself, without people and noise? Both experiences speak about your aura.

In Kundalini Yoga the seventh body is the Auric Body, the energy field that surrounds your physical body, like a bright layer around you. When the Auric Body is strong, it protects you, lifts both you and the people around you, and you feel calm and safe among people. When it is depleted, other people's moods and the noise around you touch you more easily. The key of this number is the platform of elevation: people near you become braver and more confident, and when you are rested, you grow too.

YOUR QUALITIES

Your presence changes the atmosphere. When you are there, an argument calms down more easily, and a friend in crisis feels she is not alone. Often you do not even need to say anything, people simply feel safer near you.

You have the gift of lifting others. You notice what someone has done well and tell them, so they feel more confident. When you are rested, you can stay with someone in their hard moment without being depleted afterwards.

WHERE YOUR CHALLENGES AND DIFFICULTIES LIE

The biggest challenge of this number is to take care of your energy as well as you take care of others.

When the Auric Body is depleted, everything touches you more easily: one critical sentence stays in your mind for a long time, and someone else's bad mood easily becomes yours. Then it feels natural to withdraw and be alone for a while, because everything becomes too much: people, noise and messages.

How to recognize your Auric Body

WHEN IT IS STRONG

- After an evening with friends you come home in a good mood and full of energy.
- A colleague at work is irritable, and you do not let that irritation pass onto you.
- When you need rest, you say so without feeling guilty.
- A friend pours her heart out to you, you do not let the heavy energy pass onto you, and you manage to hold space for her.

WHEN IT IS DEPLETED

- After a family lunch or a crowded day in town you need a whole day to recover.
- You think for hours about one comment from your boss or your partner.
- Someone at home is in a bad mood, and half an hour later you are irritable too.
- You cancel plans, even though you actually miss people.

ONE PART OF YOU

This is one important part of you

Your soul number shows your relationship with yourself. But it is only one of the five numbers in your date of birth, and it leaves some questions open:

> *Why do you need time just for yourself, while others see you as someone who is always there for them?*
>
> *Why do the very people you help sometimes deplete you the most?*
>
> *Why is a certain theme coming up for you right now, and not earlier?*

PERSONAL MAP

How your parts work together

One number can explain one part of you. But the most interesting part begins when you see how your numbers fit together: where one strength supports you, where another creates tension, and why certain themes are coming up for you right now, and not earlier. That is what you receive in the full Personal Map, together with the seven-year cycle you are in right now and the energy of your personal year.
