Radiant Body

KEY: ALL OR NOTHING

How your soul number is calculated

In Tantric Numerology from Kundalini Yoga, your date of birth is read like a map. It gives five numbers, and the first and most personal of them is the soul number.

Your soul number comes from the day of the month you were born. If it is a single digit, that is already your soul number. If it has two digits, you add them together. For a birthday on the 16th that is $1 + 6 = 7$, and for the 25th it is $2 + 5 = 7$. In this system 10 and 11 are not reduced any further, because each of them stands for a body of its own.

Women born on the **10th, 19th or 28th** of the month have soul number **10**.

What the soul number shows

The soul number speaks about your relationship with yourself: what moves you from the inside, where you draw strength from when no one is watching, and where you most easily lose yourself when things get hard.

Kundalini Yoga teaches that we are made of ten bodies, ten layers of our being that together form a whole. Each number from 1 to 11 corresponds to one of them. Your soul number shows which body is your inner home, the place you return to when you have lost your way.

Numbers and bodies

1	Soul Body	7	Auric Body
2	Negative Mind	8	Pranic Body
3	Positive Mind	9	Subtle Body
4	Neutral Mind	10	Radiant Body
5	Physical Body	11	Eleventh Body
6	Arcline		

Besides the soul number, your date of birth carries four more numbers: the karma number, the gift number, the destiny number and the path number. Each of them carries the energy of one of these bodies.

10 · Radiant Body

Do people notice you the moment you walk in, even when you are quiet? Do they tell you that you look like someone who knows exactly what she is doing, while inside you feel quite different? Do you either give something everything or not start at all? That is your Radiant Body.

In Kundalini Yoga the tenth body is the Radiant Body. It is the light that can be seen from the outside, a presence people feel before you say a word. It carries courage, nobility and the strength to stand behind what you believe in. When it is strong, people trust you, obstacles seem smaller and you easily create warmth and respect around you. When it is tired, the light pulls back and you doubt yourself more easily. The key of this number is all or nothing: when you do something with your whole being, people feel it and gladly follow you.

YOUR QUALITIES

You have the courage to stand in front of others and a dignity that does not depend on circumstances. Even when things are hard for you, people see you as someone who carries strength.

When you commit, you give everything, and your commitment inspires others to give more as well. You know how to lead, in your family, at work and among friends, often without any title at all.

WHERE YOUR CHALLENGES AND DIFFICULTIES LIE

All or nothing can easily turn into nothing. If it cannot be perfect, you do not start. You wait a long time for the right moment to launch your project or to say something important, and in the meantime the thing you dream about just sits there, waiting.

Sometimes you hold back and make yourself smaller, even though the stage belongs to you. Behind it there is often a learned belief that it is not safe to be too visible, too successful, too much yourself.

IN YOUR RELATIONSHIPS

In relationships you sometimes stay quiet to avoid conflict and let the other person shine. Your lesson is to stay visible in your relationships: to say what you think and take the place that belongs to you.

THE LESSON ASKING TO BE LEARNED

Your lesson is commitment without conditions. Show up even when it is not perfect. Your light grows when you give it, not when you save it for the right moment.

One small thing for tomorrow

One thing, good enough

Tomorrow, do one thing you have been putting off until it is perfect. Send the message, sign up, post it, start. Let it be good enough. Your ten shines when you show up.
