Negative Mind

KEY: LONGING TO BELONG

How your soul number is calculated

In Tantric Numerology from Kundalini Yoga, your date of birth is read like a map. It gives five numbers, and the first and most personal of them is the soul number.

Your soul number comes from the day of the month you were born. If it is a single digit, that is already your soul number. If it has two digits, you add them together. For a birthday on the 16th that is $1 + 6 = 7$, and for the 25th it is $2 + 5 = 7$. In this system 10 and 11 are not reduced any further, because each of them stands for a body of its own.

Women born on the **2nd or 20th** of the month have soul number 2.

What the soul number shows

The soul number speaks about your relationship with yourself: what moves you from the inside, where you draw strength from when no one is watching, and where you most easily lose yourself when things get hard.

Kundalini Yoga teaches that we are made of ten bodies, ten layers of our being that together form a whole. Each number from 1 to 11 corresponds to one of them. Your soul number shows which body is your inner home, the place you return to when you have lost your way.

Numbers and bodies

1	Soul Body	7	Auric Body
2	Negative Mind	8	Pranic Body
3	Positive Mind	9	Subtle Body
4	Neutral Mind	10	Radiant Body
5	Physical Body	11	Eleventh Body
6	Arcline		

Besides the soul number, your date of birth carries four more numbers: the karma number, the gift number, the destiny number and the path number. Each of them carries the energy of one of these bodies.

2 · Negative Mind

Do you notice first in a restaurant that the bill is wrong? Do you check that your passport is in your bag before a trip, and then check again? After meeting someone for the first time, do you sometimes sense that something is off, and later it turns out you were right? That is your protective mind at work.

In Kundalini Yoga the second body is the Negative Mind. Negative here does not mean bad. It is the mind that asks what could go differently, spots risk in time, sets boundaries and protects both you and the people you love. When it is in balance, it gives you safety and good judgment. When it is overloaded, worry takes up more room than it should. The key of this number is longing to belong: deep down you want to be part of a family, a friendship and a community, and that is exactly why this mind watches over you so carefully.

YOUR QUALITIES

Your gift is discernment. You notice what others skip, you sense when something is not sincere, and you know which question to ask before an important decision. People around you feel safer because you see what they miss.

Your loyalty runs deep. When you let someone into your circle, it is serious and it lasts. You know how to be someone others can lean on, how to keep a secret and how to stand by someone when things are hard for them.

WHERE YOUR CHALLENGES AND DIFFICULTIES LIE

Sometimes you say yes while inside you mean no. You stay at a dinner that does not interest you because you do not want to seem unkind. Sometimes you stay longer than feels right in a relationship or a job too, because change feels uncertain.

The other side is when your head imagines in advance everything that could go wrong. You read a message five times before sending it, and in the end you put off what you wanted to do. Both patterns are learned protection, and today you may not need them as much.

IN YOUR RELATIONSHIPS

In relationships it matters to you to feel safe and to belong. So sometimes you help more than feels good and keep your no to yourself. A clear no, said calmly, builds relationships in which you can finally relax.

THE LESSON ASKING TO BE LEARNED

Your lesson is to let your belonging stop depending on how much you adapt. The people who truly love you stay when you say no. And your caution becomes a gift when it looks after you too.

One small thing for tomorrow

An hour before you answer

Tomorrow, when someone asks you for something, do not answer straight away. Say: I will get back to you in an hour. Use that hour to notice what you actually want, and only then reply. It is a small gap. Your boundary gets a voice in it.
