KEY: PLATFORM OF ELEVATION

How your soul number is calculated

In Tantric Numerology from Kundalini Yoga, your date of birth is read like a map. It gives five numbers, and the first and most personal of them is the soul number.

Your soul number comes from the day of the month you were born. If it is a single digit, that is already your soul number. If it has two digits, you add them together. For a birthday on the 16th that is $1 + 6 = 7$, and for the 25th it is $2 + 5 = 7$. In this system 10 and 11 are not reduced any further, because each of them stands for a body of its own.

Women born on the **7th, 16th or 25th** of the month have soul number 7.

What the soul number shows

The soul number speaks about your relationship with yourself: what moves you from the inside, where you draw strength from when no one is watching, and where you most easily lose yourself when things get hard.

Kundalini Yoga teaches that we are made of ten bodies, ten layers of our being that together form a whole. Each number from 1 to 11 corresponds to one of them. Your soul number shows which body is your inner home, the place you return to when you have lost your way.

Numbers and bodies

1 Soul Body	7 Auric Body
2 Negative Mind	8 Pranic Body
3 Positive Mind	9 Subtle Body
4 Neutral Mind	10 Radiant Body
5 Physical Body	11 Eleventh Body
6 Arcline	

Besides the soul number, your date of birth carries four more numbers: the karma number, the gift number, the destiny number and the path number. Each of them carries the energy of one of these bodies.

7 · Auric Body

Do you notice that people calm down around you, even when you are not doing anything in particular? That friends reach out to you exactly when things are hard, because it feels good to be near you? And on the other hand, after a crowd, a family lunch or a long day at the office, do you sometimes want a little time just for yourself, to come back to yourself? Both experiences speak about your aura.

In Kundalini Yoga the seventh body is the Auric Body, the energy field that surrounds your physical body like a bright layer of light. When the aura is strong, it protects you, lifts you and the people around you, and gives you the feeling of being in the right place. When it is tired, other people's moods and the noise around you reach you more easily. The key of this number is platform of elevation: next to you others can grow, and when you are in your strength, you grow too.

YOUR QUALITIES

Your presence changes the atmosphere. When you are there, an argument settles more easily, and a friend in crisis feels she is not alone. Often you do not even need to say anything. People simply feel safer around you.

You have a gift for lifting others. You see the good in people and know how to bring it to the surface. When you are in your strength, other people's negativity touches you less, so you can be with people in hard moments without losing yourself.

WHERE YOUR CHALLENGES AND DIFFICULTIES LIE

When your aura is tired, everything reaches you more easily. One critical sentence can stay in your mind longer than you would like, and someone else's bad mood easily becomes yours. In places full of people, you tire faster.

When stress builds up, it comes naturally to you to pull back and be alone for a while, because people and places become too much. On those days, the hardest person to lift is you. Many women with this number were very sensitive as little girls and learned to withdraw when there was too much noise around them. Back then it was protection. Today you can choose when you need a break, and then come back to the people you love feeling full and like yourself again.

IN YOUR RELATIONSHIPS

In relationships you enjoy closeness, but afterwards you need time to come back to yourself. That does not mean you do not care. Your aura is simply asking to recharge. You can tell the people you love quite simply: I need a little quiet, and then I am back.

THE LESSON ASKING TO BE LEARNED

Your lesson is to recharge your field every day, like a battery, and not only once it is completely empty. Silence, nature, movement and your voice are what feed your aura. And you are learning to choose what and who you let in.

One small thing for tomorrow

Ten minutes before your phone

Tomorrow morning, before you look at your phone, go outside for ten minutes. The balcony, the yard, or just to the first tree on your street. You do not have to do anything. Breathe slowly and notice how you feel when you come back. Your aura gets the first calm of the day before other people's messages and moods arrive.
