Positive Mind

KEY: EQUALITY

How your soul number is calculated

In Tantric Numerology from Kundalini Yoga, your date of birth is read like a map. It gives five numbers, and the first and most personal of them is the soul number.

Your soul number comes from the day of the month you were born. If it is a single digit, that is already your soul number. If it has two digits, you add them together. For a birthday on the 16th that is $1 + 6 = 7$, and for the 25th it is $2 + 5 = 7$. In this system 10 and 11 are not reduced any further, because each of them stands for a body of its own.

Women born on the **3rd, 12th, 21st or 30th** of the month have soul number **3**.

What the soul number shows

The soul number speaks about your relationship with yourself: what moves you from the inside, where you draw strength from when no one is watching, and where you most easily lose yourself when things get hard.

Kundalini Yoga teaches that we are made of ten bodies, ten layers of our being that together form a whole. Each number from 1 to 11 corresponds to one of them. Your soul number shows which body is your inner home, the place you return to when you have lost your way.

Numbers and bodies

1	Soul Body	7	Auric Body
2	Negative Mind	8	Pranic Body
3	Positive Mind	9	Subtle Body
4	Neutral Mind	10	Radiant Body
5	Physical Body	11	Eleventh Body
6	Arcline		

Besides the soul number, your date of birth carries four more numbers: the karma number, the gift number, the destiny number and the path number. Each of them carries the energy of one of these bodies.

3 · Positive Mind

You might recognize yourself in the moments when you are the first one dancing at a birthday party, when you say in a hard moment that it will all work out, or when you get excited about a new idea before you have heard all of it. When you walk into a room, the energy lifts. That is your positive mind.

In Kundalini Yoga the third body is the Positive Mind. It is the mind that sees possibilities, notices what already works and asks how something could be done. It gives you drive, humor and the fuel to get going. When it is strong, you easily see a way out and you encourage both yourself and others. When it is tired, the lightness pulls back and things start to look heavier than they are. The key of this number is equality: you meet every person as an equal, whether you are talking to a company director or to the woman behind the bakery counter.

YOUR QUALITIES

You know how to encourage. When a friend thinks she will not make it, you see a way. When everyone is tired, you find something that makes them all laugh. Your belief in people is often exactly what helps them start believing in themselves.

You also have the courage to begin. While others are still thinking, you have often already taken the first step, and people open up to you because they sense you do not look down on them.

WHERE YOUR CHALLENGES AND DIFFICULTIES LIE

Some mornings it is harder to find your lightness. Things feel heavier than usual, and the one who is usually a light for others is looking for a little light for herself.

The other side is saying yes to everything. You sign up for three courses at once, promise everyone your help, and in the end there is no time left for you. Sometimes the smile becomes a habit, and you do not even admit to yourself when you are not okay.

IN YOUR RELATIONSHIPS

In relationships you often take on the role of the one who lifts the mood. You encourage, you make people laugh, you solve things, and when you are struggling nobody notices, because you do not show it. Your lesson is to be an equal in your relationships: to give, and also to ask.

THE LESSON ASKING TO BE LEARNED

Your lesson is to give your positivity solid ground. With every yes, ask one more question: how exactly? And allow yourself days when you are not okay, without feeling that you are worth less on those days.

One small thing for tomorrow

Let me check and get back to you

Tomorrow, before you agree to anything new, look at your calendar and ask yourself what you will drop to make room for it. If you do not know right away, say: let me check and get back to you. Your lightness lasts longer when it has a little space.
